**improve the quality**  
of life for  
the **citizens we serve**

## Data Disclaimer

For the purposes of this report, data is extracted from the RMS using specific parameters. The results may differ slightly from other reports, such as Uniform Crime Reports (UCR), which measure the same variables but have slightly different search parameters, filters, and/or methods. The following summarizes the most common attributes of this report that result in differences in reporting:

- The data in the report reflects what was available at the time of extraction. It is common for numbers to change over time for various reasons. Most commonly:
  - Final data entry by records can be delayed due to the RTO status of a case.
  - Clerical errors can be discovered, leading to corrections being made at a later date.
- Some categories in this report use a hierarchy rule. This means that the offense with the highest offense code number in an incident is the only offense counted. Other reports may apply the hierarchy rule to certain offenses. For instance, UCR counts every occurrence of Part I violent crimes in an incident (murder, rape, robbery, aggravated battery). Each slide should note the method used.
- This report includes the property crime of arson which is excluded from other reporting.
- Crimes are extracted based on the date and time they were reported. Other reports may use the earliest and/or latest date and time the crime may have occurred.

Monthly and yearly projections are calculated using different methods. Projections will have a higher degree of error when the time period used to project is small (i.e. projecting an entire year based off the first two weeks of that year).

# Part I Crime

Offense Codes: 0100-0810

All Data As Of: 11/1/24 12:00 AM

- Part I crime in October 2024 was 1.0% above the 5 year average.
- Year to date 2024 is down 16.5% from the 5 year average.
- Part I crime is projected to be down 16.6% from the 5 year average at the end of 2024.
- In October, Part I violent crime was above the 5 year average and Part I property crime was slightly below the 5 year average.
